Upgrades and growth, Q1–Q3

Renewal quota attainment
93%
Of $1,377,021 quota

Expansion quota attainment
~145%
$733k of $505k quota

SELECTED DEAL

Global advertising platform

Challenge	Buying was fragmented across regions, and no one owned the upsell path.
Approach	Mapped the decision units and ran discovery with executives and operations.
Structure	Phased expansion with usage-tied pricing and a shared success plan.
Result	*Details on request*

SELECTED DEAL

National services company

Challenge	Renewal had stalled, a competitor was in evaluation, and the ROI case was unclear.
Approach	Rebuilt the value case with finance and surfaced adoption gaps early.
Structure	Renewal plus attach, tied to outcome milestones instead of feature lists.
Result	*Details on request*

SELECTED DEAL

Custom AI agent engagement

Challenge	The buyer was interested but had no budget owner or defined use case.
Approach	Scoped a pilot to one workflow and paired sales with solutions engineering.
Structure	Fixed-fee pilot leading to a production SOW with clear exit criteria.
Result	*Details on request*

HOW I SELL

I win on commercial structure: phased terms, usage-tied pricing, and outcome milestones instead of feature lists. I own the full cycle, from discovery through close, then land and expand.

CURRENT EMPLOYER

Logz.io: open 360 observability platform for logs, metrics, traces, and security.

1,400+ customers · $120M+ raised
